

Dear 9th Grade Parents,

One of the most frequently asked questions prior to the start of school is “What kind of school supplies will I need this year”?

- You have the choice of selecting spiral notebooks or a loose-leaf binder – choose the note taking format that you most prefer.
- All teachers also require a section in a binder for handouts or a separate 2 pocket folder for handouts. The front and back pockets of a notebook are not advised for storing handouts.
- Please purchase a 3-hole puncher if you are using a binder to hold handouts.
- Many of the Math teachers prefer a separate notebook or binder for homework – you can wait to make that purchase once the school year has begun.
- There will be some teachers who request that students have highlighters on hand especially for homework assignments.
- All math sections require a Texas Instruments graphing calculator in the TI 83 or TI 84 family (regular, plus or color). – please see separate letter.
- Some students like to have locker shelves to help keep their locker organized.
- Every student will be provided with a Bruriah Yoman and the notebooks needed for Lab reports and Writing Journal.

Here is a list of subjects your daughter will have this year:

Math	Chumash
English	Navi
History	Jewish History
Biology	Ivrit
*Writing Workshop	TSBP/Halacha
*Lab	Halacha
Elective Course	Tefila

* notebook will be provided for Lab and Writing Workshop
